

Donna Medoff

Birthday Visit Coordinator

It's Your Birthday was founded by Donna Medoff in 2008 in Scottsdale, Arizona.

Donna has always had a passion for volunteering and has served on the Scottsdale Human Services Commission. She has also held a variety of positions within local schools, charities and organizations. In addition, she has worked in the healthcare field and has provided her marketing and organizational skills to start-up companies.

Donna created It's Your Birthday with the intent of brightening the days of senior citizens who are alone on their birthdays. Her goal is to bring a smile and deserved recognition to each person she meets through this unique program.

Happy Birthday!

It's Your Birthday!

Do you know someone who's going to have a birthday soon? Let us help him or her celebrate!

Seniors already spend too much time alone, but spending a birthday isolated from one's family and friends is especially difficult. "It's Your Birthday" honors seniors with the special recognition they so deserve. Our customized mini-party comes complete with a cupcake, a gift with a personalized card and a visit from a warm and caring volunteer who is sure to brighten their day.

And there is no charge. Everything is donated by those who care to make a senior citizen's birthday a special one.

Everyone deserves a birthday celebration! Let us help make your special someone's day a memorable one.
